

Faculty Development Committee Report  
February 4, 2008

FDC has met twice since the last faculty meeting to prepare its January 28 Non-Org presentation, to review *Faculty Development Handbook* policies and language, and to review the application for the CIEE Seminar in Jordan.

Additionally, as directed by the *Faculty Development Handbook*, members of FDC met with the Provost to discuss its deliberations and determinations regarding Sabbatical and Junior Faculty Leaves in advance of the February meeting of the Board of Trustees.

FDC members presented a Non-Org on Monday, January 28. Titled “Delving into Faculty Development,” the presentation and the ensuing discussion with those in attendance, including former FDC Chairs Ram Mohan and Linda French, offered insights into grant application policies and procedures.

Please note that exemplary proposals for ASD, CD, and ID grants have been posted online at <http://www2.iwu.edu/melloncenter/faculty/exemplary.shtml> This academic year’s third and final deadline for ASD and CD grant applications is 4:30 p.m., Monday, March 24.

Respectfully Submitted,  
Mike Theune, Chair
