

Faculty Development Committee Report  
November 5, 2007

FDC met twice since the last faculty meeting to conclude its deliberations regarding Artistic and Scholarly Development grants.

The next round of Artistic and Scholarly Development (ASD) and Curriculum Development (CD) grant applications is due in the Mellon Center on December 3. FDC encourages faculty to make use of exemplary proposals (available through the Mellon Center) as models for ASD and CD grant applications.

Respectfully Submitted,  
Mike Theune, Chair
